

Study in

International Student Programme Guide **2017/2018**

Kia ora & Welcome

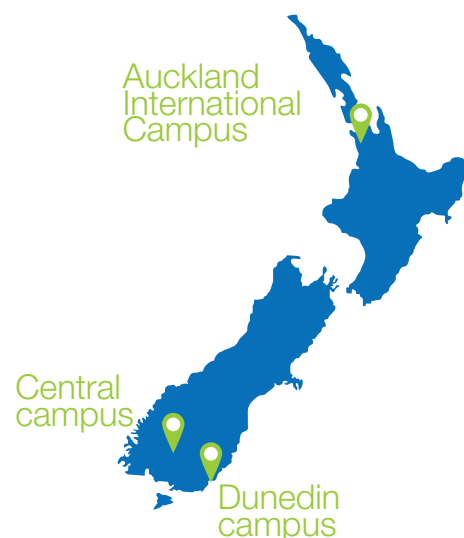

Otago Polytechnic is a fun and vibrant place to study!

We are a leader in high-quality, career-focused education and employers love our work-ready, motivated and confident graduates. These days you need to make sure that your study gives you the best chance of achieving what you want in life so read on to find out how to get a career you'll love!

Aotearoa New Zealand

Each year, thousands of students come to beautiful New Zealand for a high quality education in a safe, multicultural environment. New Zealand has a population of four million people, and is one of the least crowded countries in the world. Here, you can enjoy your studies and experience a fun and friendly lifestyle as well!

Each of Otago Polytechnic's three campuses offers a different experience.

AUCKLAND

The Auckland International Campus is located in the heart of Central Auckland, popularly known as the 'City of Sails' because the harbour is often dotted with hundreds of yachts.

There are people of many cultures and nationalities living in this city, and it has plenty to offer with great shopping and excellent museums, theatres and art galleries. Auckland has been ranked the third best city in the world for quality of life and the eighth most liveable*. *Mercer Quality of Life, 2016

Auckland is the largest city in New Zealand with about 1.6 million people. It is the country's biggest centre of business and industry and offers excellent employment and lifestyle opportunities.

Phone +64 9 309 0301 | Email Auckland@op.ac.nz | www.op.ac.nz/Auckland

DUNEDIN

Dunedin is a vibrant student city that blends the best of both worlds – it's an energetic, innovative urban centre; and a safe, welcoming place to study, live and work. The city is big enough to cater for all tastes and small enough to make you feel at home.

Study in Dunedin and join an increasing number of students who enjoy the city's unique and distinctive style, and lively cosmopolitan atmosphere. Make the most of the great shopping, awesome gigs and eateries offering food from around the globe. The city also gives you easy access to spectacular scenery, sandy beaches and some of the world's rarest wildlife. Our Forth Street Campus is within easy walking distance of downtown Dunedin, right in the middle of the student district. Our Cumberland Street Campus is in the heart of the city centre – and this is where you'll find our massage, beauty, hairdressing and media training facilities.

Phone +64 3 477 3014 | Email info@op.ac.nz | www.op.ac.nz/Dunedin

CENTRAL OTAGO

Otago Polytechnic's Central Otago campus offers a student experience like no other. Immerse yourself in 'lifestyle learning', study unique programmes – and make the most of living in one of the most beautiful regions of New Zealand.

Whether you choose to study with us on or off-campus we have the facilities and educators to make your experience exceptional.

Phone +64 3 445 9900 | Email central@op.ac.nz | www.central.op.ac.nz

Study in safe, green New Zealand

Learn valuable skills in a safe and friendly environment – and gain a high quality education.

Great opportunities

Otago Polytechnic is a leader in hands-on, career-focused education. We have some of the best student satisfaction and achievement ratings in Australasia. 98% of our graduates are in work or study – or both! Employers are looking for people who have gained international experience so study with us and give yourself the advantage for career success, both in New Zealand and overseas.

Internationally-recognised qualifications

The skills you gain at Otago Polytechnic can take you all over the world. We offer internationally-recognised certificate, diploma and degree programmes in a range of subjects. Achieve a qualification in English, Business, Management, Engineering, Applied Science, or Tourism – among others! At Otago Polytechnic, you can choose from over 100 programmes.

A friendly destination

New Zealand has a population of four million people, making it one of the least crowded countries in the world! Study in a safe, clean location, surrounded by some of the world's most beautiful scenery. Otago Polytechnic's campuses in Dunedin, Central Otago and Auckland all give you a unique experience in a secure, welcoming environment.

Frequently-asked questions and important information

What do fees include?

Tuition fees vary and do not include travel medical insurance, or additional fees like our students' association membership. For more information about fees, visit www.op.ac.nz/students/important-information

Does Otago Polytechnic charge an application fee?

No.

When should I apply?

We recommend you apply at least three months before your programme starts.

What are the entry requirements?

Entry to our undergraduate certificates, diplomas and degrees is based on New Zealand secondary school qualifications, or the equivalent 12-13 years of schooling. Entry to our graduate and postgraduate programmes is based on successful study at undergraduate level, usually a bachelor's degree. For more details and information about your country's equivalent academic entry requirements, visit www.op.ac.nz/international/entry-criteria

We assess each application individually to ensure your likelihood of success at Otago Polytechnic.

What do I need to include in my application?

Please include certified copies of your academic results from secondary school, college or

university in English. If English is not your first language, you may need English language test results (IELTS, TOEFL, TOIEC or NCEA Level 2 English results).

There may be other requirements, such as a CV or a portfolio, depending on the programme.

How do I apply?

You can submit your application online. If you have any problems with this, please contact us or download a PDF of the application form at www.op.ac.nz/apply

Where can I get information about immigration requirements, including my student visa application?

Visit www.immigration.govt.nz for details about immigration requirements and how to apply for a student visa.

How long will my study take?

Our undergraduate degrees usually take three years. Diplomas usually take two years and certificates one year. Graduate and postgraduate qualifications can take one to two years.

How long can I study in New Zealand?

If you pass your programme and continue to meet your student visa requirements, you can extend your visa.

Visit www.immigration.govt.nz

nz to learn more about student visa requirements and extensions.

How much can I earn while I am studying?

As a full-time student, you can work up to 20 hours per week. The minimum hourly wage is **NZD \$15.75** before tax for employees aged 16 years or over.

Visit www.immigration.govt.nz to learn more about how much money you can earn while studying in New Zealand

What are living costs like in New Zealand?

New Zealand is a reasonably inexpensive place to live when compared with other countries. Remember, your daily cost of living is in addition to our tuition fees. Immigration New Zealand **estimates** that an international student will require at least NZD\$15,000 per year to cover all living expenses.

For up-to-date information about New Zealand living costs, please visit this website: <https://www.newzealandnow.govt.nz/living-in-nz/money-tax/comparable-living-costs>

What happens when I finish my degree?

You may be able to gain a one year job search visa. For further information on work visas and eligibility for permanent residency, visit www.immigration.govt.nz

Why Otago Polytechnic?

Quality, career-focused education.

Otago Polytechnic is one of New Zealand's best polytechnics and public tertiary institutes of technology. We are part of many national and international networks and partnerships, including the Cumulus Association (Design), the International Foundation of Fashion Technical Institutes (Design), and Metro Group (Engineering).

We also give our students the opportunity to engage with industry by involving them in a range of exciting 'real world' projects, as part of their qualification. We have a long tradition of producing exceptional graduates.

Study at Otago Polytechnic, have a great experience and let us help you prepare for a successful career!

Our qualifications

Otago Polytechnic is a high quality educational institution. Our qualifications are widely recognised, both in New Zealand and around the world – and our programmes prepare you for global career success.

We have achieved the highest possible government endorsement for our performance which means that you can feel confident about the quality of your education.

Our study environment

Study in small classes, with a focus on practical, applied learning. Many of our lecturers have extensive experience in their professional fields, so you will benefit from their expertise and up-to-date industry knowledge. All our academic staff must hold

a recognised tertiary teaching qualification (minimum of a Level 7, graduate diploma).

Otago Polytechnic lecturers are first class. They are regular winners of the prestigious Tertiary Teaching Excellence Award, which celebrates New Zealand's finest tertiary teachers.

Recently, seven of our lecturers received the award for their teaching in Culinary Arts, Nursing and Communication Design.

Students love Otago Polytechnic. Our staff-student interactions, educational experiences and supportive learning environment came top in a recent Australasian student survey!

Our support

From the moment you apply, to the day you graduate, we are here to help you reach your goals. We have extensive, modern facilities and full student support services.

Your experience

New Zealand is a fantastic place to be a student. It is clean and green, has friendly people and a real sense of community. With plenty of recreational and social activities on all three campuses, you get the chance to make friends and explore the 'Kiwi' lifestyle.

Did you know?

New Zealand Government figures show we lead the polytechnic sector for course and qualification completions at 84% and 90% respectively. **NZQA's External Evaluation and Review in 2015** awarded us the highest possible rating for our educational performance, and our ability to assess our own performance.

Our top-quality programmes and teachers are recognised far and wide. Over the past decade, 18 of our teachers have been awarded prestigious national Tertiary Teaching Excellence Awards.

And in a recent survey, 92% of our graduates' employers rated OP graduates equal or better than graduates from other tertiary institutes.

It's no wonder so many of our students carry on to fantastic careers!

General Information

International Students

Otago Polytechnic has agreed to observe and be bound by the Education (Pastoral Care of International Students) Code of Practice, 2016 published by New Zealand Qualification Authority (NZQA).

For a copy of the code, please visit www.nzqa.govt.nz

For more detailed information about our entry criteria and your country's equivalent qualifications, please visit www.op.ac.nz/international/entry-criteria

Cancellation of a programme/course

Enrolment in a programme or course is conditional upon and subject to sufficient numbers of students enrolling in that programme or course. For full terms and conditions please go to www.op.ac.nz/termsandconditions

Fees

The fees shown in this programme guide are 2017 indicative international fees. Please note that additional

fees may, from time to time, be required for external examinations, NZQA fees, and/or additional material fees.

Fee components for 2017 are indicative and may be subject to change once applicable Tertiary Education Commission rules and guidelines are released.

English requirements

If English is not your first language, you will need to meet the English entry requirements for the programme you want to study. The academic entry IELTS required is shown with each programme.

If you currently do not meet the IELTS requirement for the programme you want to study, we offer the New Zealand Certificate in English Language at various levels.

These programmes have been designed to enable you to improve your English language skills. They also provide a perfect pathway into our qualifications.

Student support

Our student services and facilities are here to make sure your time at Otago Polytechnic is rewarding and fun! We organise a variety of social and recreational activities throughout the year for students at each of our campuses.

Starting life as a new student can be exciting as well as challenging. From the moment you consider studying at Otago Polytechnic, to your arrival on campus, we're here to help you with any questions or problems. any concerns you have while you are studying. They are based on all three campuses and are available via phone and email.

Student advisors

The student advisors are based on the Dunedin Campus and are available to talk in person, via phone

or email anytime. They can help you with any personal problems and study issues as you settle into life at Otago Polytechnic, and offer continued assistance throughout the academic year.

Career services

We offer expert guidance and a friendly ear to help you make informed career decisions based on your own personal values, goals and interests. We can discuss career options, a possible course of study, job applications or interviews, or any other career-related topic!

We take a holistic approach to career guidance. Reflecting on what is important to you will help you decide on the next step towards your career goals.

<http://studentservices.op.ac.nz/career-counseling/>

Accommodation

Whether you're from out of town or want to enjoy the full experience by flatting with your fellow students, Otago Polytechnic can help you find a suitable place to live, and provide ongoing accommodation assistance and support. **Where you live will depend on which campus your programme is offered at.**

Depending on where you are studying, the options for accommodation can include the following:

Supervised accommodation, such as a private hall of residence Flatting, mostly these are unfurnished but furnished options are available Studio and hostel accommodation, for example YMCA or YWCA Homestay, giving you the opportunity to live with a local family..

Auckland

Where you live makes a big difference to your student experience in Auckland. Fortunately, there are a range of great options near to the Auckland International Campus.

There are many excellent resources available for you to find accommodation that best suits your personal needs and budget. A great place to begin is our student Facebook group, called **OPAIC Student Community**. Many current and future students post here looking for roommates or accommodation.

There are also many popular apartments for international students in the city centre that are suitable for both short-term and long-term accommodation. **Empire Apartments** www.empire21.co.nz, **Princeton Apartments** www.princeton.net.nz, and **Columbia Apartments** www.columbiaapartment.co.nz are all excellent options.

Dunedin

In Dunedin, supervised accommodation is a great option. You'll be able to meet people, many of your meals are provided and extra expenses such as electricity and phone rental are generally included. Supervised accommodation costs around \$350 (*refer to website for most up to date costs*) per week.

City College is located in North Dunedin, in the heart of the student area. You will live in apartment-style accommodation with flatmates and dine in a communal eating area. City College has excellent recreation and study facilities.

Salmond College is an easy 15-minute walk from our Dunedin Campus. It has great facilities for study and recreation and a communal eating area for meals. Free study tutorials are also available.

Gardens College is a private hall residence for all students in Dunedin. It has 70 rooms, some with private ensuites and kitchenettes.

Central

There is a wide range of accommodation options for students in Central Otago. Choose between renting a room in a flat, staying in a studio or hostel, or homestay accommodation.

Please contact the Central campus for more details or visit our website on;

Veterinary Nursing

| Programme name | Campus | Intake | Duration | IELTS | Fees |
|--|---------|----------|---|-------|-----------|
| New Zealand Certificate in Animal Technology (Level 5) (Veterinary Nursing Assistant) Are you passionate about the care and welfare of animals? Do you want to prepare for a career as a Veterinary Nurse? This qualification will give you the skills required for a successful career in companion animal healthcare. It will enable you to become a Veterinary Nursing Assistant, the first step to becoming a Veterinary Nurse. In addition, it will also enable you to then enter the New Zealand Diploma in Veterinary Nursing (Level 6)* where you will gain the skills to become a Registered Nurse. | Dunedin | February | Blended, on campus: one year full-time. | 6.0 | \$ 20,350 |
| New Zealand Diploma in Veterinary Nursing (Level 6) Gain the advanced skills to make sound, independent decisions about veterinary nursing for animal patients and become adept at supporting their owners. Employment opportunities are diverse and could include working as a veterinary nurse (which may potentially progress to a head veterinary nurse or a practice manager role) or within animal control, wildlife management, animal breeding, conservation or education with additional training. | Dunedin | February | One year full-time | 5.5 | \$20,350 |

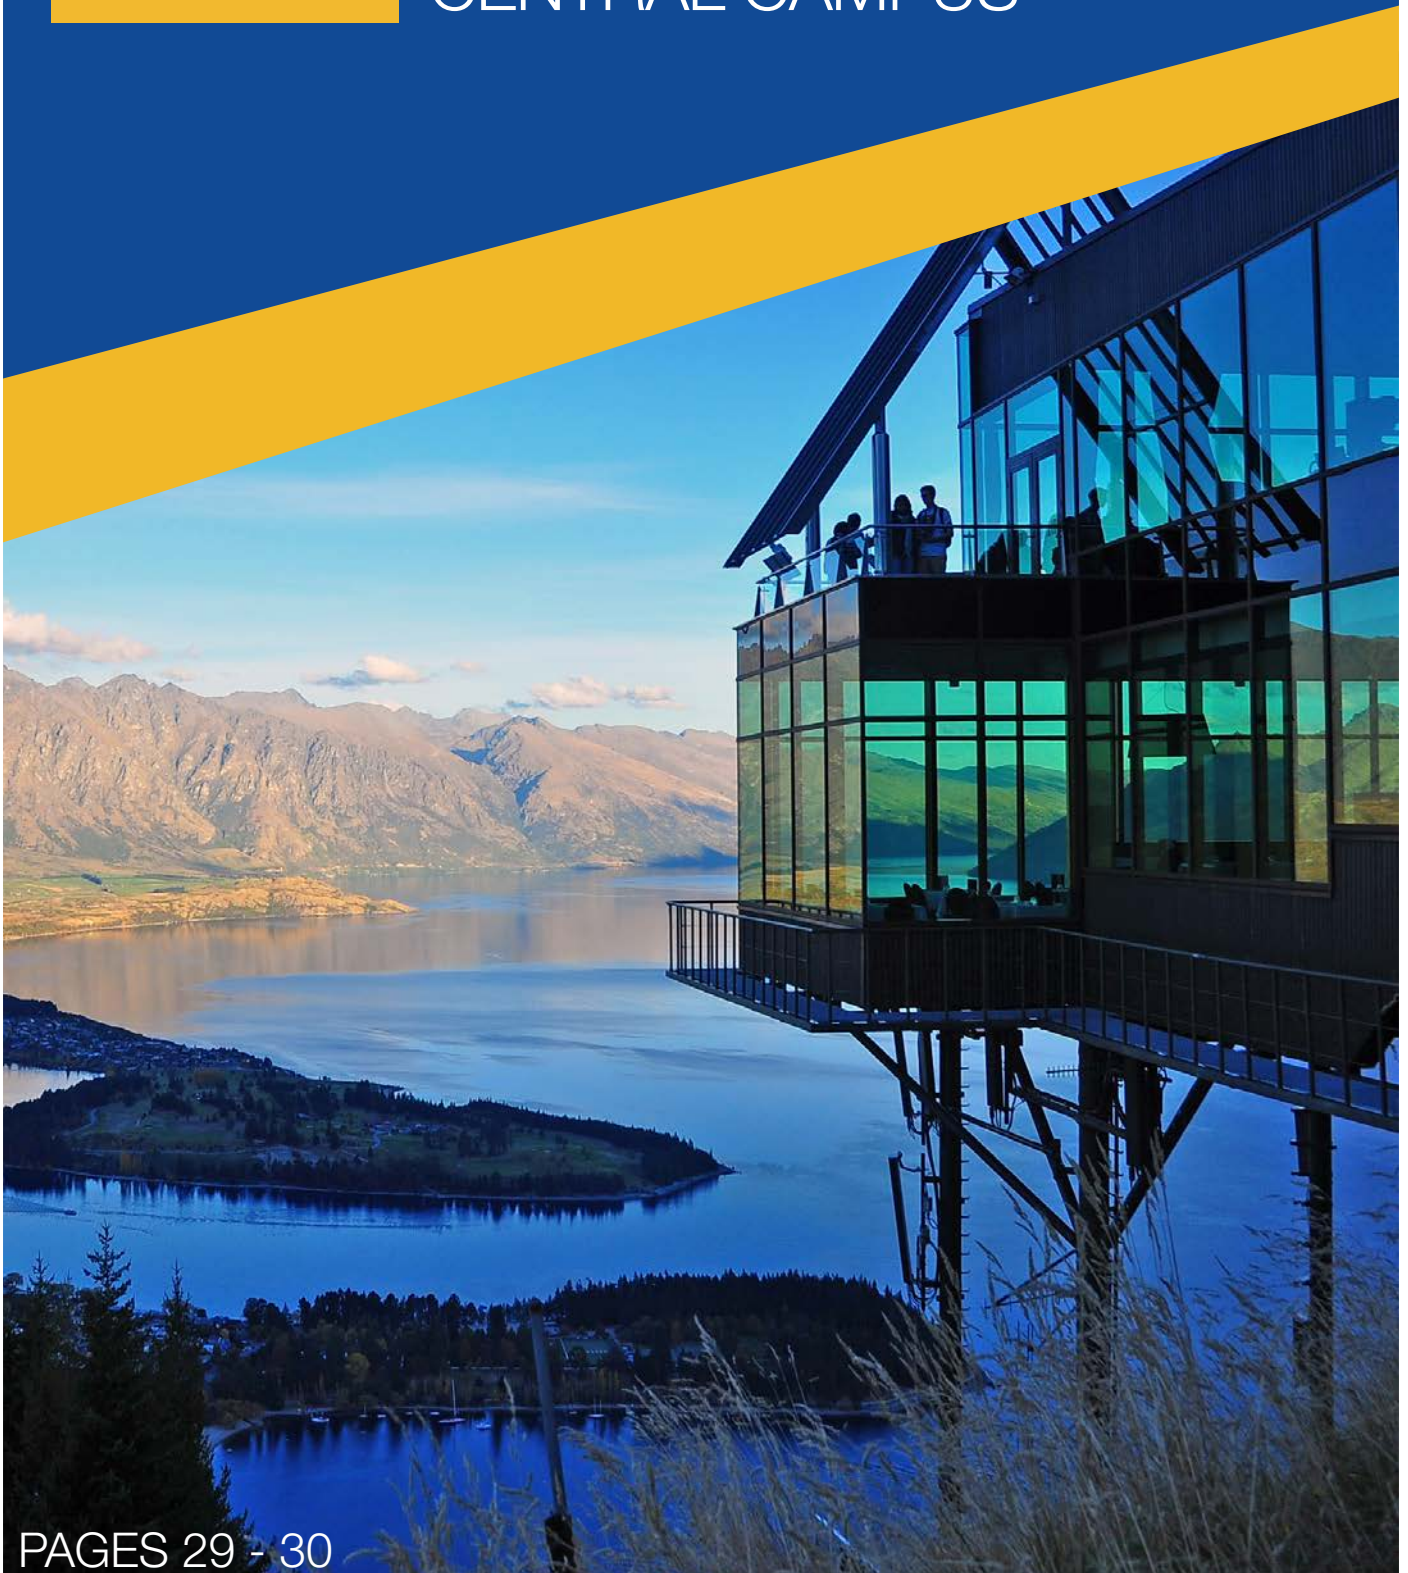

* Subject to final NZQA approval **Per course, level or semester ^ First year only
