Animal Facility or Veterinary Clinic Details	
Vet Clinic Name and Address:	
Phone Number:	
Total Number of Hours Attended at this clinic:	
Supervisor Name:	
Supervisor Qualifications/Position:	
Supervisor Hours Verification	
I confirm that I have checked the hours log provided by the student and that these are a true account of the hours attended in this clinic.	
Signature:	

The above student is enrolled in the New Zealand Certificate in Animal Technology, Veterinary Nursing Assistant Programme Level 5. As part of the requirements for this programme, the student is required to collect evidence of work placement hours, practical skill development and professional behaviour. **This form is a vital part of the student's evidence to enable programme completion, and we appreciate your time and effort in completing it.**

If you prefer to give feedback via phone, please call the School of Veterinary Nursing on 0800 762 786 to speak to the student's Learning Advisor, who can record your comments as evidence for this student. The form does not need to be completed in the presence of the student. This is to allow time to consider the student's performance and to encourage fair and truthful comments to be documented.

Please fill out the form in a timely manner, scan or take a clear photograph of it, and return it by email to: vetnursing@op.ac.nz

Developing Practical Ability

This practical course covered aspects of routine diagnostics, inpatient care, and assisting with anaesthesia and surgical nursing tasks. Please rate the student's ability in the practical aspects relating to these topics, in line with their expected abilities at this stage in their training. Comments to support the rating given are encouraged.

Aptitude and Practical Ability e.g. confidence in practical skills, standard of work, following instructions, theoretical understanding of skills, showing initiative.

1	2	3	4	5
Poor	Below average	Average	Very good	Excellent

1. What areas or particular skills did the student do well at?

2. What areas specifically do you feel the student needs to improve on and why?

3. Please add any other comments you would like to make.

Professional Behaviour and Communication Skills.

Our students are expected to work according to the NZVNA Guide to Professional Conduct, and within the boundaries of the Animal Welfare Act and associated Codes of Welfare, and Health and Safety legislation. Expected qualities of a VNA graduate include time management and punctuality, teamwork, personal presentation, good communication skills, confidentiality and ethical behaviour. Please rate the student's ability in the following areas using the guide below. Comments to support the rating given are encouraged.

Punctuality and Time Management - e.g arriving on time, making good use of time at the work placement

1	2	3	4	5
Poor	Below average	Average	Very good	Excellent

Please add any comments to support the above rating below:

Teamwork and Communication Skills - e.g. the ability to work with other staff, talking to clients, ability to follow instructions, asking appropriate questions.

1	2	3	4	5
Poor	Below average	Average	Very good	Excellent

Please add any comments to support the above rating below:

Professional Behaviour - e.g. maintaining confidentiality, ethics towards animals, personal presentation and general attitude.
