

## New Zealand Certificate in Construction Trade Skills (Carpentry) (Level 3)

[APPLY Download PDF](#)

**Domestic fee:** Free study during 2022 - full programme normally \$7,019!

Due to the Government's Targeted Training and Apprenticeship Fund (TTAF).

- You will still need to pay for any additional course-related costs such as textbooks or protective footwear (see more info in Additional Costs section).
- You can pay for this yourself or apply for a loan/allowance via [Studylink](#).

TTAF will only cover your study during 2022. You may be eligible for some additional tuition fees cover under the [Government's Fees Free](#) scheme during 2023. See the Paying for your study section below for more info.

This programme is **not** available for international students.

- Dunedin  
31 January 2022

## **Carpentry involves the construction and maintenance of buildings, and there is high demand for qualified carpenters.**

This programme will give you the work-ready skills to enter the construction trades as an apprentice carpenter working under supervision.

With additional training and/or experience, you could become a carpenter, junior and senior foreperson, or be self-employed.

During your studies you will enjoy hands-on training in our workshops and the chance to be involved in real-world, community-based building projects – which will lead to you gaining knowledge about health and safety, trade calculations and hand tools.

During this Certificate, students will also have the opportunity to work on Otago Polytechnic's charity house project.

### **16-19 years old and identify as Māori or Pasifika?**

We also offer a version of this programme called He Toki. With He Toki, you'll get a unique and empowering learning experience that has te reo, tikaka and mentorship at the heart of everything. [Find out more and apply here >](#)
