Gain the skills you need to stand out in this rapidly growing industry.

New Zealand's exciting recreation, sport and tourism industries are developing quickly. A qualification in bicycle servicing could be what you need to turn your passion into a career in one of these areas.

Offering you a flexible learning environment through a blend of practical block courses, online learning and workplace experience, previous learners have enjoyed the chance to successfully fit their around other work or study commitments.

Small class sizes provide an efficient and adaptable environment in which to learn your practical skills and your work experience will give you a valuable first foot in the door for future employment.

Previous graduates have gone on to work in, and start, a range of bicycle industry, import and tourism businesses. This qualification could also be your springboard into working as a specialist service provider, a mechanic within professional racing teams, or living the dream of working and playing whilst travelling abroad.

Our New Zealand Certificate in Bicycle Mechanics (Level 4) provides the perfect next study step if you're keen to take your skills to an advanced level.
