Further develop the fundamental skills and knowledge required of horticulturists in the nursery sector while you work.

A 50/50 mix of theoretical and practical studies, this programme is for domestic students only and you must be working within the nursery industry to undertake it.

It provides the perfect opportunity for you to upskill via online learning whilst using your workplace as a setting to practice your developing skills.

Successful graduates will receive the New Zealand Certificate in Horticulture (Level 3) (Nursery Production).

Domestic fee: Free study during 2022!

Due to the Government's Targeted Training and Apprenticeship Fund (TTAF).

- You will need a laptop/device to study this programme online which isn't covered by this fund.

This programme is studied part-time over 2-3 years and usually costs \$4,467. TTAF will only cover your study during 2022. You may be eligible for some additional tuition fees under the [Government's Fees Free](#) scheme (if you're eligible). See the [Paying for your study](#) section below for more info.

This programme is not available to international students.
